# I.LIFE

A STEP AWAY  
FROM ORDINARY.

Pure and uncomplicated, *i.life* is the expression of you.

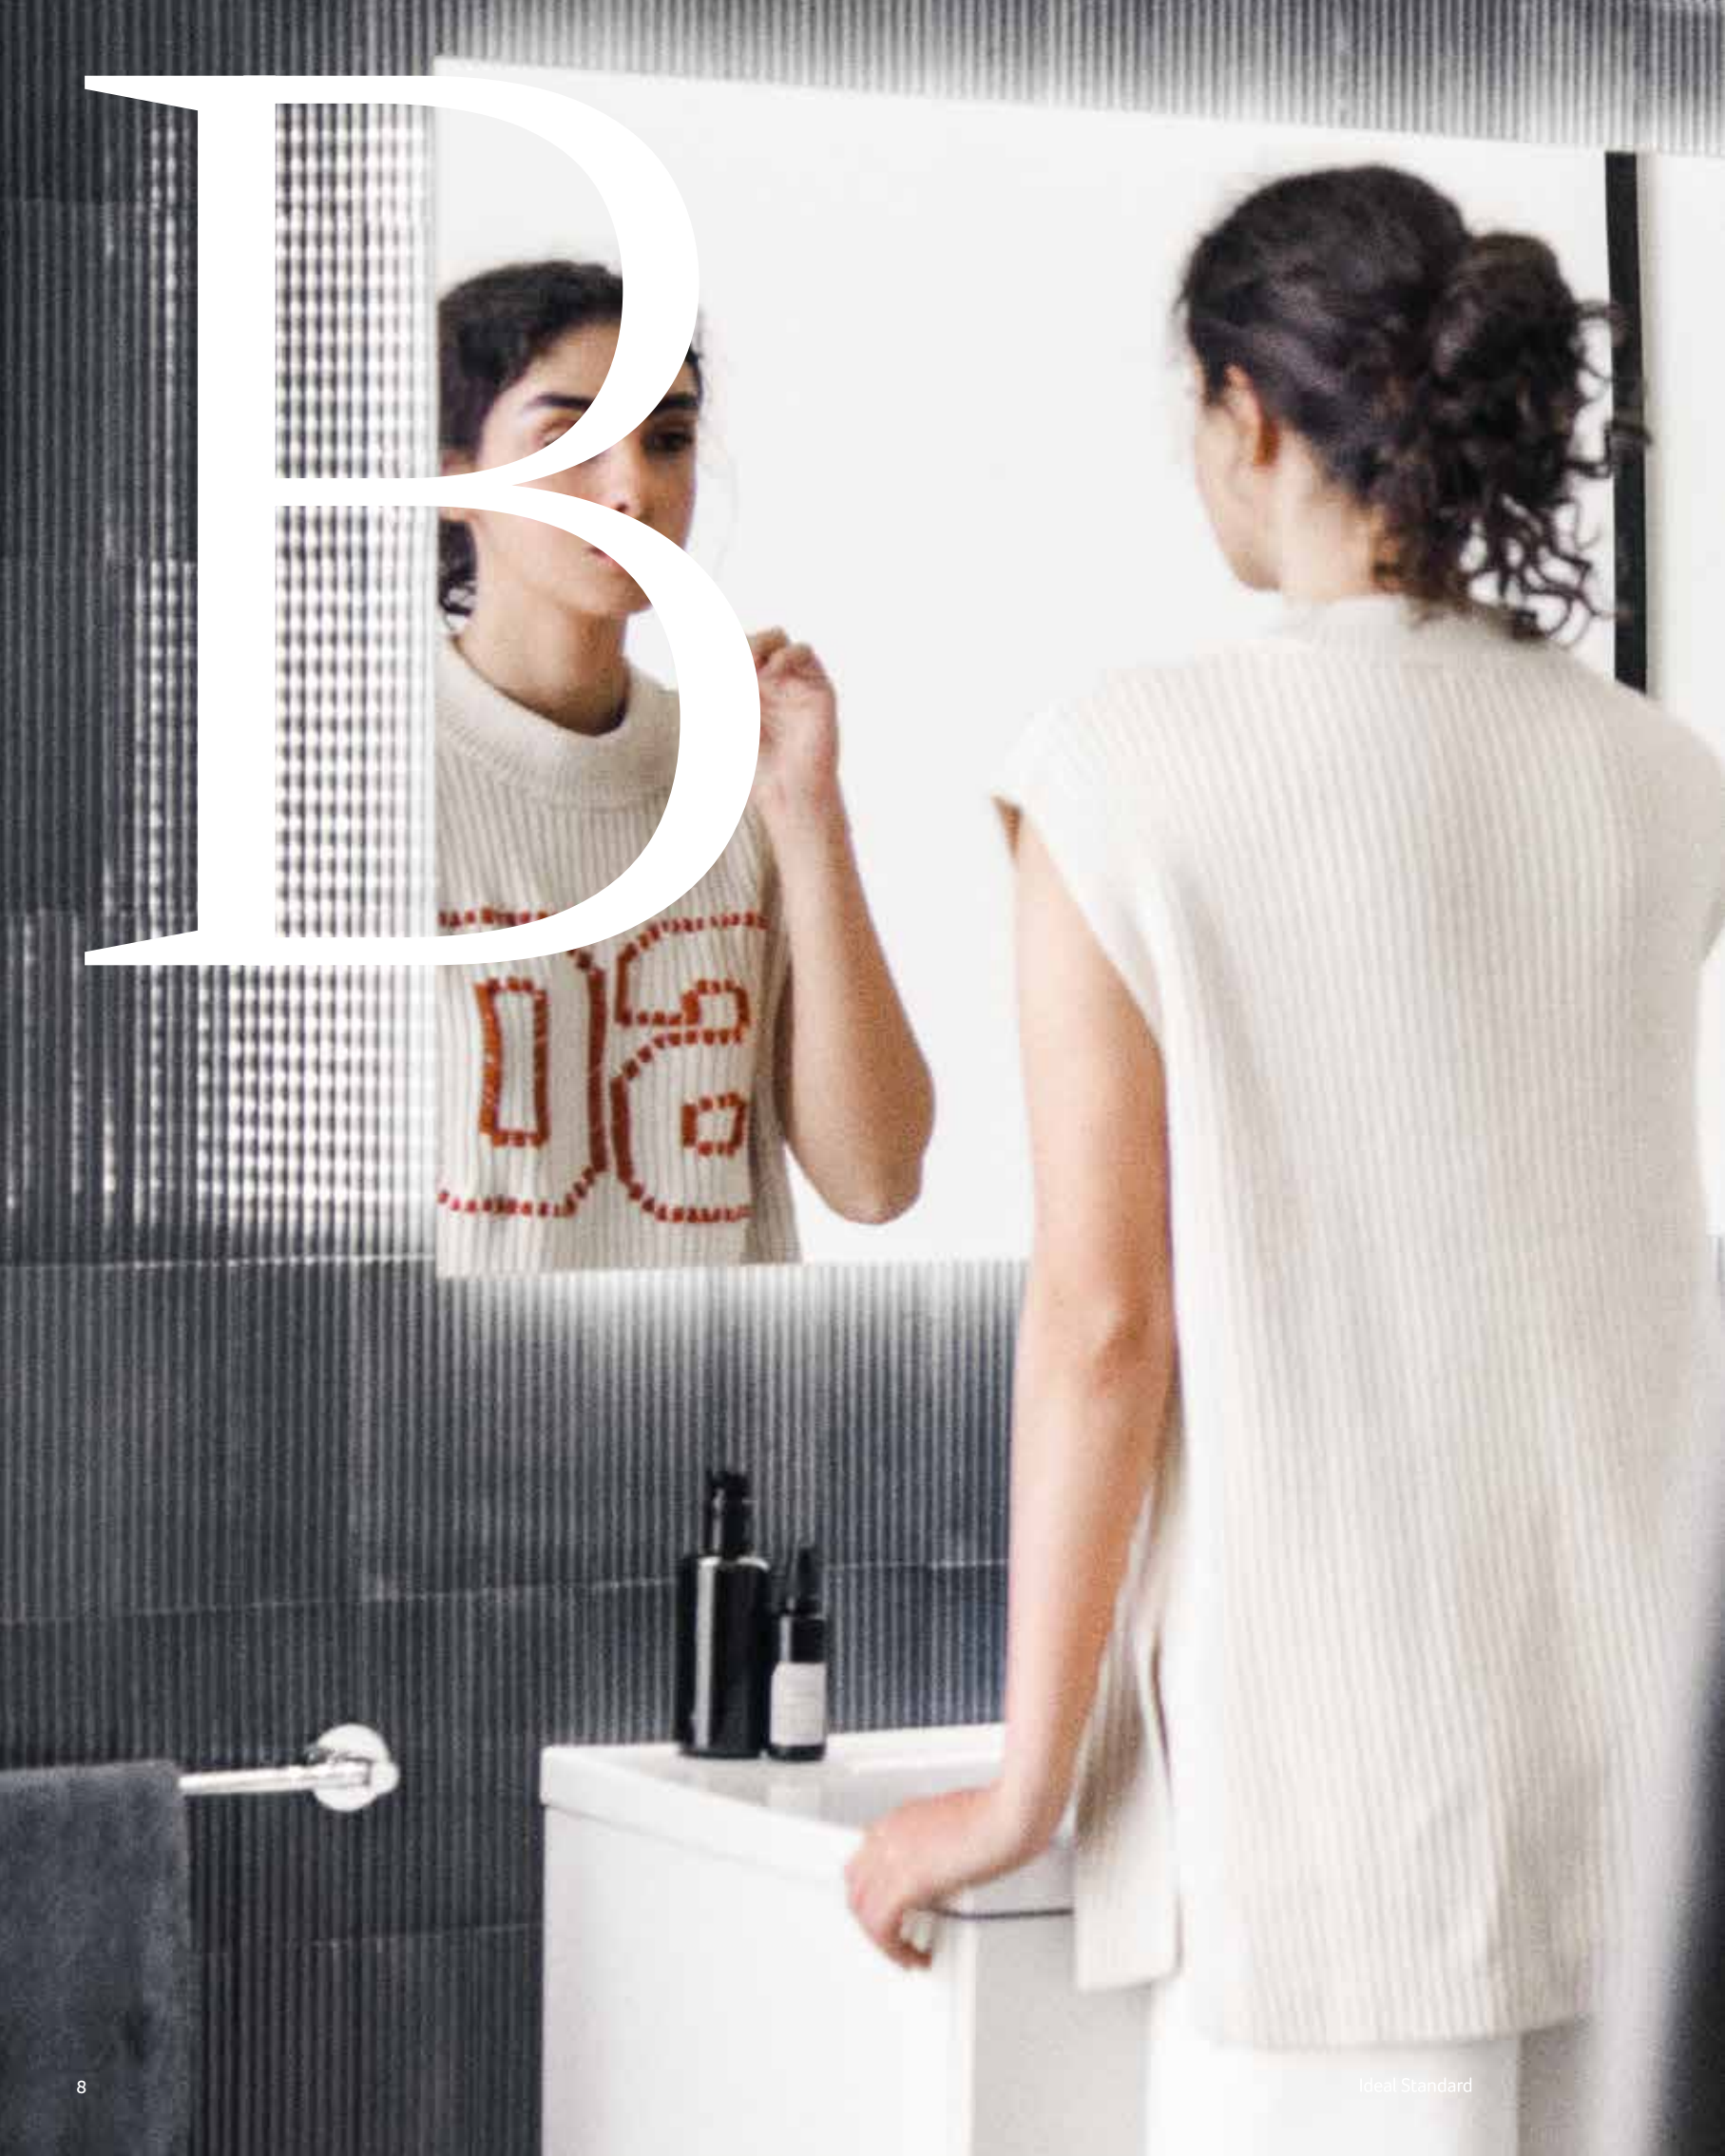

A collection that looks ahead to a future where the possibilities feel endless. In creating *i.life*, Ideal Standard has crafted three ranges, each with their own design character and technical features, but all with the same spirit and energy.

These are simple geometric shapes combined with gentle curves, flowing across a varied range that lets you celebrate what makes you different. Built to last and engineered to perfection, a bathroom from Ideal Standard functions without fuss so you can relax in your home or go out and enjoy life. A collection, created by the multi-award-winning Palomba Serafini Associati studio, that feels accessible and optimistic.

*i.life* creates a space which quietly inspires, where everything is inclusive and within reach.

*i.life B* has a contemporary minimalism which is softened by gentle curves and flowing lines.

This design aesthetic is reflected throughout a basin range with solutions to suit every shape and size of space, whether it's a family bathroom or a compact cloakroom. Choices span from the larger 65 cm basin to the 45 cm handrinse basin, with semi-countertop, vanity and corner versions also available.

This is where busy days begin and end. A place to look ahead to experiences yet to come and think back to good times with family and friends.

*i.life B* is an opportunity for expression. A chance to create a home that speaks of you; your personality articulated in design. This furniture collection is available in seven finishes to suit tastes whether understated or bold and everything in between.

Vanity units are available in a choice of heights, with one and two-drawer options, all with soft closing to give a feel of quiet luxury. This is the archetype of light design, where simplicity meets creativity and the results are elegant and effortless.

Ideal Standard

**Available on all  
i.life toilets.**

**RimLS+®**

**Engineered  
for hygiene.**

With every flush, RimLS+ delivers a powerful whole-bowl clean with no place for bacteria to hide. Splash-free and easier to clean, RimLS+ is the go-to solution for busy bathrooms.

88% of households would buy an Ideal Standard Rimless+ toilet. A toilet with excellent hygiene performance.\*

\*Result of a user survey commissioned by Ideal Standard and conducted by the institutes TCV-/isi-GmbH [n = 1,000 households with residential property – Germany n=500; Italy n=500], based on the outcome of external tests conducted by X-Tech srl for Ideal Standard measuring hygienic parameters of the toilet flush [unwashed toilet area, number of water splashes].  
Scientific Supervision of User Survey:  
Prof. Dr. Andreas Scharf, University of Applied Sciences Nordhausen

Clean geometric looks and pure shapes enable Ideal Standard to create a contemporary space that embraces style and strength in equal measure.

The *i.life B* range brings together performance and design with a clean and elegant look in pure white and chrome. Basins are available in a variety of styles and sizes which match perfectly to your needs, combined with a full pedestal, semi-pedestal and chrome bottle trap.

The classic *Ceraplan* brassware collection complements the ceramics with a modern, slim design that echoes *i.life B*'s accessible aesthetic and offers German engineering for long-lasting function without fail. This is where design meets performance and all things are considered.

The best design is all about creating products which are quietly brilliant, where quality whispers because it doesn't need to shout.

*i.life S* is a space saving solution that enhances your home without sacrificing performance or compromising on aesthetics. This is the embodiment of Ideal Standard's ethos of simply making modern living better, with short projection products to work in less spacious environments.

It brings a sleek and contemporary minimalism to any bathroom with a quality of manufacture that means you can leave it to do its job while you're busy doing yours.

Why should smaller rooms miss out on stylish solutions? *i.life S* enhances compact bathrooms with intelligent touches that simply work.

Reduced projection basins feature clever design to perform perfectly while saving space and staying true to *i.life's* design principles. These are available in basins from 50cm to 60cm and vanity basins from 51cm to 81cm as well as the 45cm handrinse basin and 50cm semi-countertop.

For the ideal finishing touch, match with *Ceraplan* brassware, featuring geometric stylings which complement the flowing rectangular design of *i.life S*.

Compact spaces do not have to mean zero storage or surfaces full of clutter. Ideal Standard creates bathrooms that are clean and unfussy, with solutions to simply make life better.

*i.life S* offers vanity and column units with capacity that belies their size; room for stowing everyday essentials and candles to complement your evening soak. All *i.life* furniture comes in a choice of seven stylish finishes, including Sand Beige Matt, Carbon Grey Matt and Natural Oak, as well as handles in chrome and Silk Black. Doors and drawers feature soft close action for a subtle touch that adds a feeling of quiet luxury to your home.

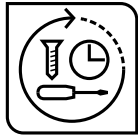

Thanks to Ideal Standard's commitment to sustainability, 99% of the timber in our furniture comes from sustainable sources and is FSC and PEFC approved.

# Installation with ease.

FITTING IS 10% FASTER THANKS  
TO IDEAL STANDARD'S NEW  
EASYFIX+ SYSTEM.

# A space that's easier, cleaner, calmer.

This is minimalist design without compromise. An effortless and uncomplicated aesthetic combined with superior performance and durability. *i.life S* is aspirational but not ostentatious. It creates a home which looks ahead with positivity and purpose, reflecting your style without dominating it. Toilets and bidets in this collection are available as wall hung and back to wall, as well as a close coupled toilet option. Cisterns come as standard size and also a water-saving compact design, each with dual flush, and there are four seats to choose from, including sandwich and wrapover versions. These are ceramics to complement your style and last long into the future you are building for yourself.

CERAPLAN

THE RE-DESIGN OF A LEGEND

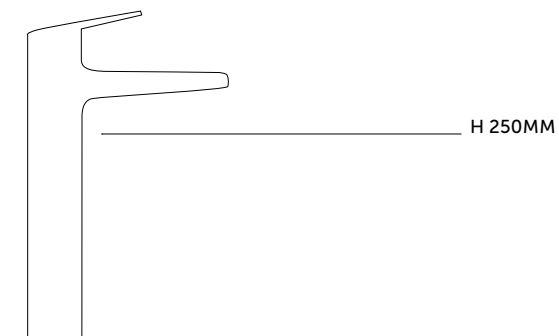

# The re-design of a legend.

Re-designed for the modern world, Ideal Standard's *Ceraplan* is now slimmer, simpler and smoother than ever. This is the evolution of a classic piece, updated to help you face the challenges of modern living, achieving a beautiful balance of style and technology.

*Ceraplan* is the perfect companion for *i.life*, with options to suit basins, baths and showers of all shapes and sizes.

*Ceraplan* is now more comfortable and ergonomic thanks to adjustments to the spout length and handle height, and easier to clean due to its smoother exterior.

Softened lines on the outside, solid German engineering on the inside – the *Ceraplan* brassware range is the centrepiece of your bathroom, 20 years in the making.

This is the brassware range for every need. *Ceraplan* has been designed to suit a wide variety of basin, bath and shower types. This includes standard, vessel, high spout, bidet and wall and rim mounted variations, all drawing from *Ceraplan's* softened geometric design fundamentals.

#### Idealcomfort

CERAPLAN COMES IN A VARIETY OF WHAT WE CALL COMFORT HEIGHTS. THIS MEANS CERAPLAN ADAPTS TO YOUR USE OF THE TAP AND MAKES EVERY DAY MORE COMFORTABLE.

#### EasyFix+

EASYFIX+ SYSTEM MAKES FITTING QUICKER AND EASIER THAN EVER. IT'S UP TO 50% FASTER THAN STANDARD FITTING, AND 15% FASTER THAN OUR ORIGINAL EASYFIX SYSTEM.

#### Bluestart

BLUESTART DELIVERS ONLY COLD WATER WHEN THE TAP IS IN THE MIDDLE POSITION.

#### Lightmove

ENJOY A GREAT EXPERIENCE THANKS TO THE LIGHT SMOOTH CARTRIDGE WHICH ENSURES WATER FLOW IS JUST RIGHT FOR YOU.

#### Smartshine®

CERAPLAN IS NOW EASIER TO CLEAN, THANKS TO THE SMOOTH LINES AND ABSENCE OF RECESSES, AND FEATURES SMARTSHINE FINISH – MAKING FITTINGS FEEL AS THOUGH THEY'VE ALWAYS BEEN PART OF THE SPACE, BUT LOOK BRAND NEW.

Smartshine®

WHAT'S THE KEY TO A GREAT SHOWER?  
WE BELIEVE THE GREATER CONTROL YOU  
HAVE, THE MORE CHOICE, AND THE  
MORE COMFORT YOU EXPERIENCE.

POWERED BY FIRMAFLOW® AND DEFINED  
BY ITS ERGONOMIC DESIGN,  
CERAPLAN ALLOWS YOU TO MODIFY  
TEMPERATURE AND FLOW FOR YOUR IDEAL  
SHOWER EXPERIENCE – ALL WHILE  
SAVING WATER AND ENERGY.

*Ceraplan* goes beyond the basin, with mixer tap options now available for bath and shower. This is a range so versatile that it's at home in any setting, bringing contemporary aesthetics and German engineering to bathing and showering.

We pioneered the ceramic disc cartridge in 1969. This innovation redefined the way people used bathrooms and made it possible to create the single lever tap.

As the ultimate development of the original ceramic disc cartridge, some 50 years on, FirmaFlow® is the undisputed market leader. With its innovative engineering and extraordinary powers of durability, comfort and control are achieved for twice as long as the industry standard.
